What will e-residents receive now?

- An opportunity to conduct entrepreneurial activity (as private entrepreneur, 3rd group of taxation)
- Favorable tax conditions (5% on income)
- Remote opening and managing of bank accounts
- Modern tools for managing business online using a laptop or smartphone
- Opportunity to sign documents digitally with e-signature

How does it work?

STEP 1

Submit an application on e-Residency Portal

STEP 2

Undergo check in accordance with current legislation

STEP 3

Go through verification process at the consulate, receive a taxpayer number and e-signature

STEP 4

Open a bank account and register a business online

What will it bring to Ukraine?

Revenues to the state budget due to taxation of e-residents

Recognition of Ukraine as the world's brand of IT industry

Growth of positive ratings of Ukraine due to the loyalty of e-residents

Why Ukraine?

- Competitive taxation
 - Automated services for conducting business
 - Open banking system
 - State-guaranteed security and protection of data
-
